

E30NC-230

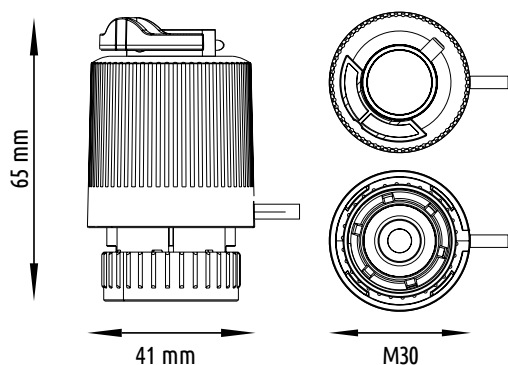

Thermal Actuator 230V, M30x1,5, normally closed

- Thread size M30
- Low power consumption (only 2 W) – energy efficient
- Highly durable – lasting for years
- Small footprint – hassle-free installation

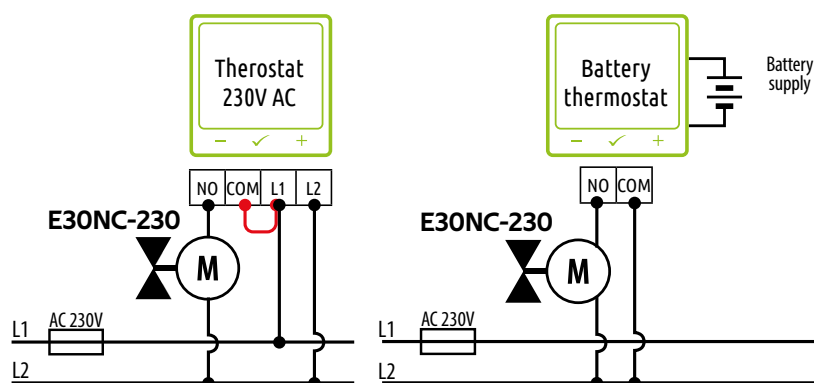

ACTUATOR

TECHNICAL INFORMATION:

Version	NC = Normally Close
Thread size	M30 x 1.5mm
Power supply	230V AC 50Hz
Power consumption	2W
Inrush current	300mA / 200ms
Press force	100N +/- 15%
Max. Stroke	4.5mm
Storage temperature	-25°C to +60°C
Ambient Temp.	Max. 60°C
Protection class	IP 54/II
Cable length	90cm
Dimension [mm]	Ø 41 x 65
